

OUR GOAL : HELPING MANKIND STAY WELL

Nat Axtin
Made as nature intended

**NATURAL
ASTAXANTHIN**
from happy *Haematococcus pluvialis*
cultivated in ponds

Atacama's proprietary Astaxanthin

Over 30 years of unique engineering experience in the Atacama Desert

State-of-the-art facilities located in the driest place on Earth with high intensity sunlight

100% pure & natural water sourced from the Andes mountain range

Scalable manufacturing process at lower cost/time

Pristine and unpolluted atmosphere provides ideal conditions for Astaxanthin production

Fermenta Biotech Limited

Exclusive Authorized Distribution Partner
for Atacama Bio Naturals S. A.
in the Indian Subcontinent

Guaranteed safety, quality and consistency of Astaxanthin manufactured by Atacama

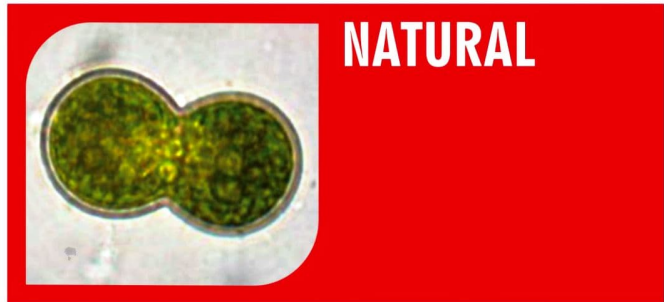

Environment friendly manufacturing process by unique and ultra clean cultivation of algal biomass

Safe and pure product - no organic solvents used, Non-GMO microalgae cultivated

ATACAMA BI
NATURAL PRODUCTS S. A.

BENEFITS OF Nat Axtin

- Carotenoid pigment found in shrimp, salmon and algae
- Higher bioavailability, safety and efficacy vis-a-vis synthetic Astaxanthin
- Anti-oxidant properties 6,000 times more potent than Vitamin C
- Optimum dosage of 4 to 12 mg per day
- Called the “King of Carotenoids”

NATURAL

POWERFUL

- Astaxanthin can cross the blood-brain and blood-retina barriers
- It reduces DNA damage and protects the cell membrane
- Proven anti-ageing and anti-inflammatory effects
- Wide range of benefits for the skin, eyes, brain, muscles, heart and immunity
- Known as “the world’s most powerful antioxidant”

- Non-GMO *Haematococcus pluvialis*
- Photobioreactors take advantage of high-intensity natural solar radiation
- 100% recycled water used to produce algae harvested through centrifugation
- Fights global warming by capturing carbon dioxide and releasing oxygen
- Zero waste discharged - no solid / liquid waste generated

SUSTAINABLE

SPECTRUM OF APPLICATIONS

- Dietary and Nutritional Supplements
- Food and Beverage fortification
- Sports nutrition
- Cosmetics
- Feed for fish and crustaceans
