Please find enclosed the report (comprising 12 pages including annexures) detailing our recommendation of share exchange ratio for the proposed amalgamation, the methodologies employed and the assumptions used in our analysis.

This report sets out our scope of work, background, source of information, procedures performed by us and our recommendation of the share exchange ratio.

BACKGROUND, SCOPE AND PURPOSE OF THIS REPORT

Fermenta Biotech Limited ('FBL' or 'Transferee company') (formerly known as "DIL Limited") was incorporated on 01 May 1951 and is engaged in the business of manufacturing and marketing of chemicals, active pharmaceutical ingredients (API), enzymes, pharmaceutical formulations and environmental solution products; and is also engaged in the business of renting of immovable properties. The equity shares of FBL are listed on BSE.

DVK Investments Private Limited ('DVK' or 'Transferor Company 1') (formerly known as 'Vasant Kumar Investment Services Private Limited') was incorporated on 11 August 2003 and is non-systematically important, non-deposit taking, non-banking finance company, which currently does not carry out any business operations. DVK is the promoter holding company of FBL and holds 1,50,75,318 (51.2% equity stake) equity shares of FBL as at the report date.

Aegean Properties Limited ('APL' or 'Transferor Company 2') was incorporated on 19 January 1995 and is engaged in the business of renting of immovable properties. It is a wholly owned subsidiary of FBL.

With an intention to simplify the shareholding structure, reduction of multiple shareholding tiers of FBL in an efficient manner, we understand that the Management of the Transacting companies are contemplating a composite scheme of amalgamation and arrangement, wherein they intend to amalgamate DVK and APL with FBL in accordance with the provisions of Sections 230 to 232 of the Companies Act, 2013 or any statutory modifications, re-enactment or amendments thereof for the time being in force ("the Act") read with the Companies (Compromises, Arrangements and Amalgamations) Rules, 2016 ("the Rules"), as amended from time to time and all other applicable provisions, if any, of the Act and any other applicable law for the time being in force including the applicable provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the circulars issued therein, in each case, as amended from time to time, and in a manner provided in the Draft Composite Scheme of Amalgamation and Arrangement ('the Scheme') in which under Part II of the Scheme, DVK and APL are proposed to be amalgamated with FBL.

Further, as a part of the Scheme, the entire shareholding of the Transferor Company 1 in Transferee Company and the entire shareholding of Transferor Company 2 held by Transferee Company shall stand cancelled on Part II of Scheme becoming effective.

As a consideration for the proposed amalgamation under Part II of the Scheme, equity shares of Transferee Company would be issued to equity shareholders of Transferor Company 1 and equity shares held by Transferee Company in Transferor Company 2 shall stand cancelled and no equity shares of Transferee Company shall be issued.

The equity shares to be issued for the aforesaid proposed amalgamation will be based on the share exchange ratio as determined by the Board of Directors on the basis of share exchange ratio report prepared by us.

A value analysis of this nature is based on the information made available to us as of the date of this report, events occurring after that date hereof may affect this report and the assumptions used in preparing it, and we do not assume any obligation to update, revise or reaffirm this report.

The recommendation(s) rendered in this report only represent our recommendation(s) based upon information furnished by the Transacting Companies till the date of this report and other sources, and the said recommendation(s) shall be considered to be in the nature of non-binding advice (our recommendation should not be used for advising anybody to take buy or sell decision, for which specific opinion needs to be taken from expert advisors).

The determination of fair value for arriving at the share exchange ratio is not a precise science and the conclusions arrived at in many cases, will, of necessity, be subjective and dependent on the exercise of individual judgment. There is, therefore, no indisputable single fair value. While we have provided our recommendation of the fair share exchange ratio based on the information available with us and within the scope and constraints of our engagement, others may have a different opinion. The final responsibility for the determination of the share exchange ratio for the proposed amalgamation shall be with the Board of Directors of the Transacting companies, who should take into account other factors such as their own assessment of the proposed amalgamation and input of other advisors.

In the course of our analysis, we were provided with both written and verbal information, as detailed in the section – Sources of Information.

In accordance with the terms of our engagement, we have assumed and relied upon, without independent verification of:

- the accuracy of information made available to us by the Management which formed a substantial basis for the report; and
- the accuracy of information that was publicly available.

We have not carried out a due diligence or audit or review of the Transacting Companies for the purpose of this engagement, nor have we independently investigated or otherwise verified the data provided.

We are not legal or regulatory advisors with respect to legal and regulatory matters for the proposed amalgamation. We do not express any form of assurance that the financial information or other information as prepared and provided by the Management of Transacting Companies is accurate. Also, with respect to explanations and information sought from the Management, we have been given to understand by the Management that they have not omitted any relevant and material factors and that they have checked the relevance or materiality of any specific information to the present exercise with us in case of any doubt. Accordingly, we do not express any opinion or offer any form of assurance regarding its accuracy and completeness.

Our conclusions are based on these assumptions and information given by/ on behalf of the Management. The Management has indicated to us that they have understood any omissions, inaccuracies or misstatements may materially affect our recommendation. Accordingly, we assume no responsibility for any errors in the information furnished by the Transacting Companies and their impact on the report. Also, we assume no responsibility for technical information (if any) furnished by the Transacting Companies. However, nothing has come to our attention to indicate that the information provided was materially misstated/ incorrect or would not afford reasonable grounds upon which to base the report. We do not imply, and it should not be construed that we have verified any of the information provided to us, or that our inquiries could have verified any matter, which a more extensive examination might disclose.

The report assumes that the Transacting Companies comply fully with relevant laws and regulations applicable in all its areas of operations and that the Transacting Companies will be managed in a competent and responsible manner. Further, except as specifically stated to the contrary, this report has given no consideration on to matters of a legal nature, including issues of legal title and compliance with local laws and litigation and other contingent liabilities that are not represented to us by the Management.

This report does not look into the business/ commercial reasons behind the proposed amalgamation or the likely benefits arising out of the same. Similarly, the report does not address the relative merits of the proposed amalgamation as compared with any other alternative business transaction, or other alternatives, or whether or not such alternatives could be achieved or are available. This report is restricted to recommendation of share exchange ratio for the proposed amalgamation only.

We would like to emphasize that, basis our review of financial statements of DVK (Transferor Company 1) and discussion with the Management we understand that Transferor Company 1 does not carry out any business operations and primarily act as the promoter holding company of FBL, which derives major of its value from the equity shares of FBL it holds as an investment. Further as part of the Scheme the equity shares held by DVK in FBL would stand cancelled on Scheme being effective and since it does not hold any other major asset, equity shares of FBL equivalent to number of shares held in FBL by DVK would be issued to equity shareholders of DVK in proportion of equity shares held by them in DVK.

Further we would like to emphasize that the shares held by FBL in APL (i.e., wholly owned subsidiary of FBL) would get cancelled and hence no equity shares would be required to be issued for the proposed amalgamation.

In light of the above, as no additional consideration is being discharged and also no additional shares are being issued for the proposed amalgamation, we have therefore not carried out any independent valuation of either of the Transacting Companies.

Certain terms of the proposed amalgamation are stated in our report, however the detailed terms of the proposed amalgamation shall be more fully described and explained in the Scheme document to

be submitted with relevant authorities in relation to the proposed amalgamation. Accordingly, the description of the terms and certain other information contained herein is qualified in its entirety by reference to the Scheme document.

The fee for the Engagement is not contingent upon the results reported.

We owe responsibility only to the Board of Directors of Transacting companies who have appointed us, and nobody else. We do not accept any liability to any third party in relation to the issue of this report. It is understood that this analysis does not represent a fairness opinion. In no circumstance shall our liability exceed the amount as agreed in our Engagement Letter.

This valuation report is subject to the laws of India.

Neither the report nor its contents may be referred to or quoted in any registration statement, prospectus, offering memorandum, annual report, loan agreement or other agreement or document given to third parties, other than in connection with the purpose of determining the fair share exchange ratio for the proposed amalgamation and the relevant filings to be made in this regard with the regulatory authorities, without our prior written consent.

In addition, this report does not in any manner address the prices at which equity shares of FBL shall trade following announcements of the proposed amalgamation and we express no opinion or recommendation as to how shareholders of the Transacting Companies should vote at any shareholders' meetings. Our report and the opinion/ valuation analysis contained herein is not to be construed as advice relating to investing in, purchasing, selling or otherwise dealing in securities.

RATIONALE FOR DETERMINATION OF SHARE EXCHANGE RATIO

As mentioned under part II of the Scheme, DVK (Transferor Company 1) is proposed to be amalgamated with FBL (Transferee Company). We understand that DVK does not carry out any significant business operations and primarily act as the promoter holding company of FBL, which derives major of its value from the equity shares of FBL its holds as investment. Accordingly, the shareholders of DVK i.e., promoters of FBL indirectly enjoy the economic interest in FBL and upon the proposed amalgamation of DVK with FBL, the shareholders of DVK (i.e., promoters of FBL) would be entitled to equivalent equity shares of FBL in proportion to the equity shares held by them in DVK. Pursuant to the amalgamation, there would be no change in paid up capital of FBL.

We understand that upon the Scheme being effective, no additional consideration is being discharged except for shares of FBL being issued to the shareholders of DVK in lieu of equal number of shares as held by DVK in FBL which is being duly cancelled. Thus, for every fresh issue of share of FBL to the shareholders of DVK, there is a corresponding cancellation of an existing share of FBL held by DVK. Since there is no issuance of additional shares by FBL, we are of the opinion that pricing provisions of Chapter V of Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulation, 2018 issued vide notification No. SEBI/LAD-NRO/GN/2018/31 dated 11 September 2018 and as amended from time to time ('Pricing Regulations') are not applicable in the subject case and we have therefore not considered the same for our value analysis. Given that no additional consideration is being discharged and also no additional shares being issued for the proposed amalgamation, we have therefore not carried out any independent valuation of either of Transacting Companies.

Further we would like to emphasize that APL (Transferor Company 2) is a wholly owned subsidiary of FBL and also APL being one of the Transferor Company in the Scheme (i.e., APL will get merged with FBL, i.e., Transferee Company) the shares held by FBL in APL would get cancelled and hence no equity shares would be required to be issued for the proposed amalgamation.

As per the scheme, shareholders of Transferor Company 1 would jointly and severally indemnify, defend and hold harmless FBL (and any of its directors, officers, excluding the promoters) for losses, liabilities, costs, charges, expenses (whether or not resulting from third party claims), including those paid or suffered pursuant to any actions, proceedings, claims and including interests and penalties discharged by FBL which may devolve on FBL on account of amalgamation of DVK with FBL but would not have been payable by FBL otherwise, in the form and manner as may be agreed amongst FBL and the shareholders of DVK.

RECOMMENDATION OF THE RATIO OF SHARE EXCHANGE FOR THE PROPOSED AMALGAMATION

In light of the above and on a consideration of all the relevant factors and circumstances as discussed and outlined herein above including scope, limitations and assumptions describe in this report and the engagement letter, we recommend the share exchange ratio as follows:

1) To the equity shareholders of DVK

1,50,75,318 (One Crore Fifty Lakhs Seventy-Five Thousand Three hundred and Eighteen) fully paid-up equity shares of the face value of INR 5 each of FBL shall be issued and allotted as fully paid-up equity shares to the equity shareholders of DVK, in proportion to their holding of 65,21,665 (Sixty-Five Lakhs Twenty-One Thousand Six Hundred and Sixty-Five) fully paid-up equity shares of the face value of INR 10 each in DVK.

2) To the equity shareholders of APL

APL is a wholly owned subsidiary of FBL. Upon Part II of the Scheme becoming effective the shares held by FBL in APL would get cancelled and no equity shares would be required to be issued to the equity shareholders of APL (i.e., FBL) for the proposed amalgamation as defined under Part II of the Scheme.

Respectfully submitted,
