

SHAPING HEALTH AND WELLNESS

Since 1951

VITAMINS & THEIR FORMS

Founded in 1951, Fermenta possesses a growing portfolio of nutrition including Customized Premixes, Fortified Rice Kernel (FRK) and other nutritional ingredients. Apart from its nutrition portfolio, Fermenta is one of the world's leading manufacturers of Vitamin D3. It caters to over 400 customers across 60 countries with a worldwide distribution network for a variety of applications such as pharmaceuticals, dietary and nutritional supplements, food, animal nutrition and rodenticides. Fermenta's manufacturing facilities in Kullu, Dahej and Tirupati are certified by global accreditations, and its world class R&D centre is located at Thane. Fermenta also possesses expertise in green chemistry such as enzymes for antibiotic synthesis, other niche APIs and environmental solutions.
